SELEZIONE DI 112 TINTE D'ARREDO
per ambienti domestici e professionali

Boero presenta I Coordinati *Gallery*, una proposta di 112 tinte d'arredo dedicate alla decorazione di supporti murali, ferro e legno attraverso Idropitture, Smalti murali, Smalti all'acqua e a solvente.

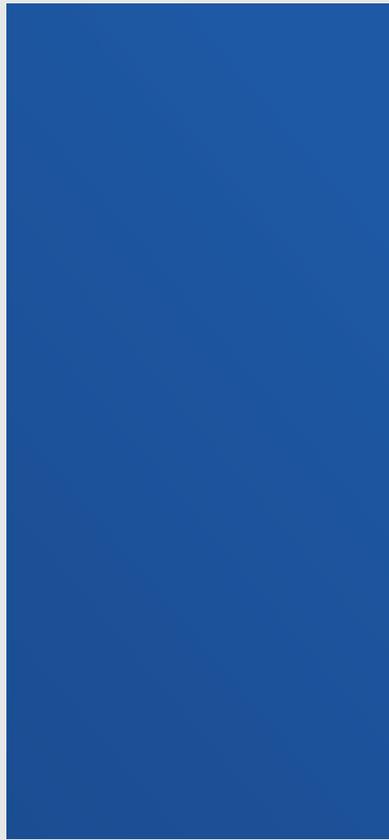

La *Gallery* si propone come prezioso ed agile strumento di supporto al professionista e al privato nella selezione del colore e dei suoi accostamenti per tutti gli ambienti della casa o del lavoro. La proposta è suddivisa in sezioni, dai toni più chiari e delicati, realizzabili in una più ampia varietà di prodotti, a toni più intensi e decisi, realizzati con basi dedicate.

Selezionando tinte dalle diverse sezioni si possono ottenere originali accostamenti cromatici, attraverso giochi di armonie o di contrasti.

Il colore che arreda e aiuta a migliorare il comfort dei luoghi in cui viviamo: questa la proposta Boero.

Idropittura

Smalto satinato

Smalto brillante

La medesima tinta realizzata con prodotti e finiture diverse può presentare un aspetto estetico differente.

Per idee e suggerimenti sul colore ed i suoi accostamenti vai su www.boero.it/coloremozione e scoprirai le tinte più adatte alla tua personalità e ai tuoi ambienti
